Profile

I'm an aspiring civil engineer with a passion for designing practical, sustainable structures that improve everyday life. I'm a fast learner and a cooperative team player who enjoys solving real-world problems and learning from hands-on experiences. With a solid foundation in planning and design tools like AutoCAD, I'm eager to contribute to impactful projects. I'm committed to growing both technically and personally in the field of civil engineering.

Education

CEG campus, Anna University, BE in Civil Engineering Aug 2023 – July 2027
• CGPA: 8.95/10.0
AKT ACADEMY MHSS, Mar 2023
• 12th: 96.16%

Internship

AUTOCAD Training at acmegrade GitHub Repository

Certifications

Revit – Skill Development Project GitHub Repository

- Completed an online certification in Data Science from Acmegrade, involving real-time data analysis projects and basic model building.

Workshop on Role of Geotechnical Engineer in Infrastructure Projects *National Level Symposium – Civilization*

- Gained insights into soil investigation methods, foundation design, and geotechnical challenges in infrastructure development during a technical workshop at a national-level symposium

Workshop in Innovation in Bridge Design and Construction *National Level Symposium – Civilization*

- Attended workshop on Innovation in Bridge Design and Construction, gaining insights into modern design approaches and advanced construction techniques at the national-level symposium **Civilization**.

Workshop in Innovation in Bridge Design and Construction *National Level Symposium – Civilization*

- Participated in workshop on Transforming Civil Engineering, exploring emerging technologies and sustainable practices in the field. at the national-level symposium **Civilization**.
